- Tables locked: Beach clubs and Porto Cervo dinners held against berth nights.
- When to take Porto Cervo.: The marina buys presence; Caprera buys privacy.

BEFORE YOU FLY

FAQ

Porto Cervo or Olbia for embarkation?

Olbia/Portisco for clean OLB door-to-deck; Porto Cervo when the brief needs Costa Smeralda presence nights.

How early for Porto Cervo berths?

Event weeks and peak August often need 8-16+ weeks for larger LOA.

Maddalena in the same week?

Yes - classic northeast loop with park rules and day-anchors around Caprera.

APA budget?

Plan 25-35% in high season once fuel, Smeralda berths and held beach-club tables are included.

OLB transfer times?

Marina di Olbia ~10-20 min; Portisco ~30-45; Porto Cervo ~25-40 - we time luggage to the gangway.

Combine with Corsica?

Bonifacio Strait hops work on longer programmes when weather and clearance align.

OPERATIONAL

Mooring notes

Marina di Porto Cervo

Event-week density for larger LOA; flagship Smeralda quay. 8-16 weeks peak / event weeks. Rolex Cup and peak August densify berths and road access. Presence nights - hold Caprera fallbacks before you fly.

Marina di Portisco

Quieter Smeralda alternative with strong services. 6-12 weeks peak. August densifies popular northeast nights. Practical embark when Porto Cervo is fashion-week tight.

Marina di Olbia

Cleanest OLB door-to-deck - working embark hub. 4-8 weeks peak. Peak summer airport and quay density. Best first-night embark before running to Maddalena.

Berth fees, APA budgets and event lead times are indicative and move with LOA, season and harbour policy. Blue Ocean Club confirms live figures in writing before deposit. Not a substitute for captain pilotage or marina contracts.
