NUMBERS - BUDVA

VAT & APA - Budva short version.

On a Budva charter the base fee is only the starting line. Budget tax treatment and a realistic APA before you lock dates.

VAT / tax

Montenegro is not in the EU; yacht charter tax and temporary importation rules differ from Croatian VAT - clear customs and cruising permits with the captain.

APA

For Montenegro in high season, budget APA at roughly 25-35% of the base charter fee covering fuel, berths, food and concierge extras.

What we send PAs

A line-item estimate before deposit, then a live APA report from the captain during the week.

What does APA usually cover on a Budva charter?

Fuel, berthing, food and beverage, and most guest concierge extras. For Budva we set an honest APA band before contract - not a vague percentage.
