NUMBERS - BROOME

VAT & APA - Broome short version.

On a Broome charter the base fee is only the starting line. Budget tax treatment and a realistic APA before you lock dates.

VAT / tax

Kimberley is expedition charter country - confirm APA fuel contingency, permits and cyclone windows; not a marina-hop product. Confirm commercial charter tax treatment and APA with the broker before deposit.

APA

For Kimberley in high season, budget APA at roughly 25-35% of base fee covering fuel, berths, permits and held tables - confirm against LOA and itinerary.

What we send PAs

A line-item estimate before deposit, then a live APA report from the captain during the week.

FAQ

When is the best time for yacht charter in Broome?

Shoulder months in Pacific usually balance weather and berth availability for Broome near Broome yacht access / Entrance Point.

Which marina should we embark from in Broome?

Broome yacht access / Entrance Point is the primary embarkation for Broome, with anchorage fallbacks when LOA or events block the preferred quay.

How far ahead should we book berths in Broome?

For peak season around Broome, 4-12 weeks is typical for larger yachts; shoulder season is more flexible. We open the berth conversation with the yacht shortlist.

What does APA usually cover on a Broome charter?

Fuel, berthing, food and beverage, and most guest concierge extras. For Broome we set an honest APA band before contract - not a vague percentage.

Can you arrange airport transfers into Broome?

Yes - chauffeur and helicopter where available from BME / DRW, timed to the embarkation slot at Broome yacht access / Entrance Point.

How does a Broome week use Broome staging?

Broome staging is a core Broome pocket - we sequence Broome yacht access / Entrance Point nights and day-anchors so the week feels unhurried. Broome sits inside Kimberley as a focused stop, not a duplicate of the country hub.
