- Nassau embark: NAS transfer, draft brief, APA open.
- Exumas cadence: Sandbars, snorkel, quiet hooks.
- Island stops: Staniel / Harbour Island held when wanted.
- Respect the thin water.: Tide tables and local knowledge - not brochure depths.
- Nassau hubs: Atlantis / Albany for serious LOA.

BEFORE YOU FLY

FAQ

Where do we embark?

Usually Nassau (Atlantis / Albany) - Exumas docks are limited for larger LOA.

Staniel overnight?

Hold peak winter nights early; day-anchor + club tender is often smarter.

Draft?

Skinny water is real - we never invent deep shortcuts.

Pigs / Thunderball?

Day culture - arrive early, leave before stacks.

APA?

Fuel and generator nights sit honestly in APA.

Short week?

Nassau-Exumas four-night tasters work when seven nights aren't required.

OPERATIONAL

Mooring notes

Atlantis Harbour

Busy in winter holidays. 6-12 weeks peak winter; longer for holidays. Christmas / New Year densify Paradise Island. Scene embark - confirm LOA and services.

Albany Marina

Megayacht-capable - still book ahead in peak. 6-12 weeks winter peak. Holiday weeks. New Providence working hub for serious LOA.

Staniel Cay Yacht Club

Popular Exumas hinge - limited. Hold peak winter nights early. Holiday densifies. Day-anchor + club tender often smarter than forcing a full week dockside.

Berth fees, APA budgets and event lead times are indicative and move with LOA, season and harbour policy. Blue Ocean Club confirms live figures in writing before deposit. Not a substitute for captain pilotage or marina contracts.
