NUMBERS - MARBELLA

VAT & APA - Marbella short version.

On a Marbella charter the base fee is only the starting line. Budget tax treatment and a realistic APA before you lock dates.

VAT / tax

Spanish VAT applies on Costa del Sol charters; Gibraltar berthing may involve different duties - clarify embarkation port for VAT treatment.

APA

For Costa del Sol in high season, budget APA at roughly 25-35% of the base charter fee covering fuel, berths, food and concierge extras.

What we send PAs

FAQ

When is the best time for yacht charter in Marbella?

Shoulder months usually balance weather, water and berth availability for Marbella. Peak midsummer adds density and premium quay pricing at Puerto Deportivo de Marbella.

Which marina should we embark from in Marbella?

Puerto Deportivo de Marbella is the primary embarkation for Marbella, with anchorage fallbacks when LOA or events block the preferred quay.

How far ahead should we book berths in Marbella?

For peak season around Marbella, 4-12 weeks is typical for larger yachts; shoulder season is more flexible. We open the berth conversation with the yacht shortlist.

What does APA usually cover on a Marbella charter?

Fuel, berthing, food and beverage, and most guest concierge extras. For Marbella we set an honest APA band before contract - not a vague percentage.

Can you arrange airport transfers into Marbella?

Yes - chauffeur and helicopter where available from AGP / GIB, timed to the embarkation slot at Puerto Deportivo de Marbella.

How does a Marbella week use Marbella & Banús?

Marbella & Banús is a core Marbella pocket - we sequence Puerto Deportivo de Marbella nights and day-anchors so the week feels unhurried. Marbella sits inside Costa del Sol as a focused stop, not a duplicate of the country hub.
