NUMBERS - SALALAH

VAT & APA - Salalah short version.

On a Salalah charter the base fee is only the starting line. Budget tax treatment and a realistic APA before you lock dates.

VAT / tax

Oman applies VAT (typically 5%) on many services; yacht charter tax treatment depends on local licensing - confirm berthing and APA separately.

APA

For Oman in high season, budget APA at roughly 25-35% of the base charter fee covering fuel, berths, food and concierge extras.

What we send PAs

A line-item estimate before deposit, then a live APA report from the captain during the week.

FAQ

When is the best time for yacht charter in Salalah?

Khareef (Jun-Sep) turns Salalah green - unique but windier coastal ops.

Which marina should we embark from in Salalah?

Salalah yacht access is the primary embarkation for Salalah, with anchorage fallbacks when LOA or events block the preferred quay.

How far ahead should we book berths in Salalah?

For peak season around Salalah, 4-12 weeks is typical for larger yachts; shoulder season is more flexible. We open the berth conversation with the yacht shortlist.

What does APA usually cover on a Salalah charter?

Fuel, berthing, food and beverage, and most guest concierge extras. For Salalah we set an honest APA band before contract - not a vague percentage.

Can you arrange airport transfers into Salalah?

Yes - chauffeur and helicopter where available from MCT / SLL, timed to the embarkation slot at Salalah yacht access.

How does a Salalah week use Salalah & Dhofar?

Salalah & Dhofar is a core Salalah pocket - we sequence Salalah yacht access nights and day-anchors so the week feels unhurried. Salalah sits inside Oman as a focused stop, not a duplicate of the country hub.
