NUMBERS - TENERIFE

VAT & APA - Tenerife short version.

On a Tenerife charter the base fee is only the starting line. Budget tax treatment and a realistic APA before you lock dates.

VAT / tax

The Canaries are a Spanish EU special tax zone with IGIC rather than standard mainland VAT - yacht charter tax treatment differs from peninsular Spain; confirm per vessel.

APA

For Canary Islands in high season, budget APA at roughly 25-35% of the base charter fee covering fuel, berths, food and concierge extras.

What we send PAs

A line-item estimate before deposit, then a live APA report from the captain during the week.
